The revenue raised as at 30 November 2020 is R 398.7 million against the adjusted budget of R 976.7 million for the year and R 527.3 million for the period. This reflects a revenue rate of 40% against the adjusted budget.

The operating expenditure as at 30 November 2020 was R 346.9 million vs a year to date budget of R 331.1 million reflecting YTD expenditure of 104% and 43% of the original annual budget. The operating surplus for the period was **R 98.3 million**.

UMGUNGUNDLOVU DISTRICT MUNICIPALITY

The major operating revenue variances against year-to-date budget are:

- Service charges below target by -12%.
 - Transfers and subsidies are -1% below target due to the receiving the Equitable Share and other grants.
 - Investment revenue is -64% below target, the investment is due for renewal in September 2021.
 - Other revenue account, the amount is made up of: Tender sales, Rental of facilities and SANBI
- The reasons for variances per source group are also cited in Annexure A, Table SC1 of this report.

2. Capital Expenditure

The Capital expenditure report shown in Annexure A, Table C5 has been prepared on the basis of the format required to be lodged electronically with National Treasury and is categorised by municipal vote. The summary report indicates the following:

Table 2

Funding Source	Adjusted Budget 2020 /2021	Expenditure as at 30 November 2020	% spent

TOTAL CAPITAL EXPENDITURE	225,032,000.00	47,320,529.18	21.03

The total original capital budget for the 2020/ 2021 financial year is **R 183 million** including the allocation for the Rural Roads Assets Management Grant of R 2.5 million.

The MIG allocation is R 101 million was originally approved, an additional allocation of R 41.2 million from Treasury for Covid 19 Response was allocated through the Equitable Share and the Water Services Infrastructure Grant is R 80 million and the adjusted Capital Expenditure is **R225 million**. Year to date expenditure for MIG is R 16.6 million and WSIG is R 29.9 million.

3. Employee costs and councillor's allowances

3.1 Section 66 of the MFMA requires that the accounting officer of a municipality must report to Council in a prescribed format all expenditure incurred by the municipality on staff salaries, wages and benefits in a manner that discloses expenditure per type such as salaries, contributions for pensions etc.

3.2 The total salaries budget for councillor's amounts to R 13.8 million while salaries budget for staff amounts to R 269.9 million. This brings the total salaries budget to R 283.7 million, which is 36% of the total operational budget. This is within the norm of 25% - 40% in terms of National Treasury circular 71 of 2014.

UMGUNGUNDOVU DISTRICT MUNICIPALITY

- 3.3 In terms of Generally Recognised Accounting Practise (GRAP25), the municipality has to make a provision for employee benefits, which represents a future financial obligation to the Municipality on current and post-employment medical benefits for retired and active employees eligible for early retirement, *ex-gratia* pension liability for a retrenched Technical Director, and a provision for long service awards for all staff members meeting the requirements of clause 7 of the Local Government Bargaining Council collective agreement signed in August 2018.
- 3.4 The actual staff salaries costs incurred, including Senior Managers, as at 30 November 2020 amounts to R 116.8 million while the actual salaries cost for Councillors is R 4.9 million. This amounts to a total of R 121.7 million and it represents 42% of the total salaries budget
- 3.5 Remuneration of councillors is spent at 35% of the total remuneration budget for Councillors. While the budget for Councillors' salaries is based on a reasonable estimate, it is not always easy to have an exact figure for budget purposes. This is due to changes in the municipal grades and remuneration adjustments of the local Municipalities thereby affecting the salaries of the Councillors representing their local Municipalities in the district. Also, the number of meetings held during the financial year June is not the same as the number of meetings predicted at the time of the budget process.
- 3.6 The salaries and benefits paid to councillors in the month of November 2020 are still based on the December 2018 promulgation which was effective for payment in the month of July 2018. The municipality is contesting the 2019 /2020 outcome of the adjustment of remuneration.
- 3.7 It must be noted that are – application has submitted to the MEC COGTA for consideration of revision of the 2019 /2020 remuneration adjustment for Councillors, re-categorisation of the district to a grade 6 municipality for the purposes of determining the upper limits of salary packages payable to Senior Managers appointed after the introduction of the Regulations on the recruitment and conditions of service for Senior Managers and Managers directly accountable to the Municipal Manager.

5. Cash and cash equivalents

An amount of R 12 729 was accrued in investment interest income for the month of November 2020. The cash in bank as at 30 November 2020 amounted to **R 67.1 million** and investments amounted to **R 3.8 million** bringing a total cash and cash equivalents of **R 70.9 million**. The average interest rate on investment is at 4.1%. The cash coverage ratio as at 30 November 2020 is **0.02 based** on average of R 75 million per month fixed operating expenditure. This indicates that the municipality as at 30 November 2020 have sufficient cash to run its operation for **0.53 days** based on a 30-day calendar month. The norm as set out in the uniform financial ratios and norms circular 71 is 1 to 3 months. See below extract from SC 5.

7. Creditors Age Analysis

The balance of trade payables as at 30 November 2020 was R 68.4 million.

Total R 19.2 million or 28% of invoices remained outside the compliance period of 30 days as at 30 November 2020. None of the bulk services, 3rd party and statutory invoices were outstanding for longer than 30 days as at 30 November 2020.

The Municipality must have a financial management system in place which is used for the operation of its expenditure and accounts payables, amongst other things. The accounts payables must be paid for goods and services rendered to the municipality. A procedure manual was drafted in 2014, which provides the timeframes that each official must comply with when dealing with payments. This includes payments certification by the user department, which must confirm the receipt of goods and services before invoices are processed for payment.

Section 65(2)(e) of the Municipal Finance Management Act, 2003 requires that the municipality must pay within 30 days of receipt of an invoice. While this requirement is crucial, it is also important for a municipality to ensure that all the requirements in terms of the Supply Chain Management Regulations of 2011, are followed when procuring goods and services.

This includes, but not limited to, ensuring that there are valid contracts for all lease payments, payments made to government institutions, where payments are urgent in nature, and where there is an emergency.

Sections 62(1), (2) and 65(1) require the Accounting Officer to ensure a proper management of the finances of a municipality. This requires him to ensure that all processes are followed before payments are realised, as a result, the Internal Audit is requested to verify payments on an adhoc basis.

In efforts to reduce the amount owed to outstanding creditors, a detailed spreadsheet which indicates the status of each amount due for longer than 30 days was sent to every HOD, for their action, in order to resolve issues that may have been raised by the Accounting Officer.

Generally Accepted Accounting Practise (GRAP) requires that payments must be reflected in the period in which they were made, so accounts payables balance as at 30 June will not be affected by payments made after this date.

Payments relating to rental of customer care centres have been delayed due to expired contracts. To facilitate payments the Municipality extended the contract of three months, to allow for the finalisation of valid contracts through supply chain processes. This exercise will reduce the irregular expenditure which the Auditors raise in their audit reports.

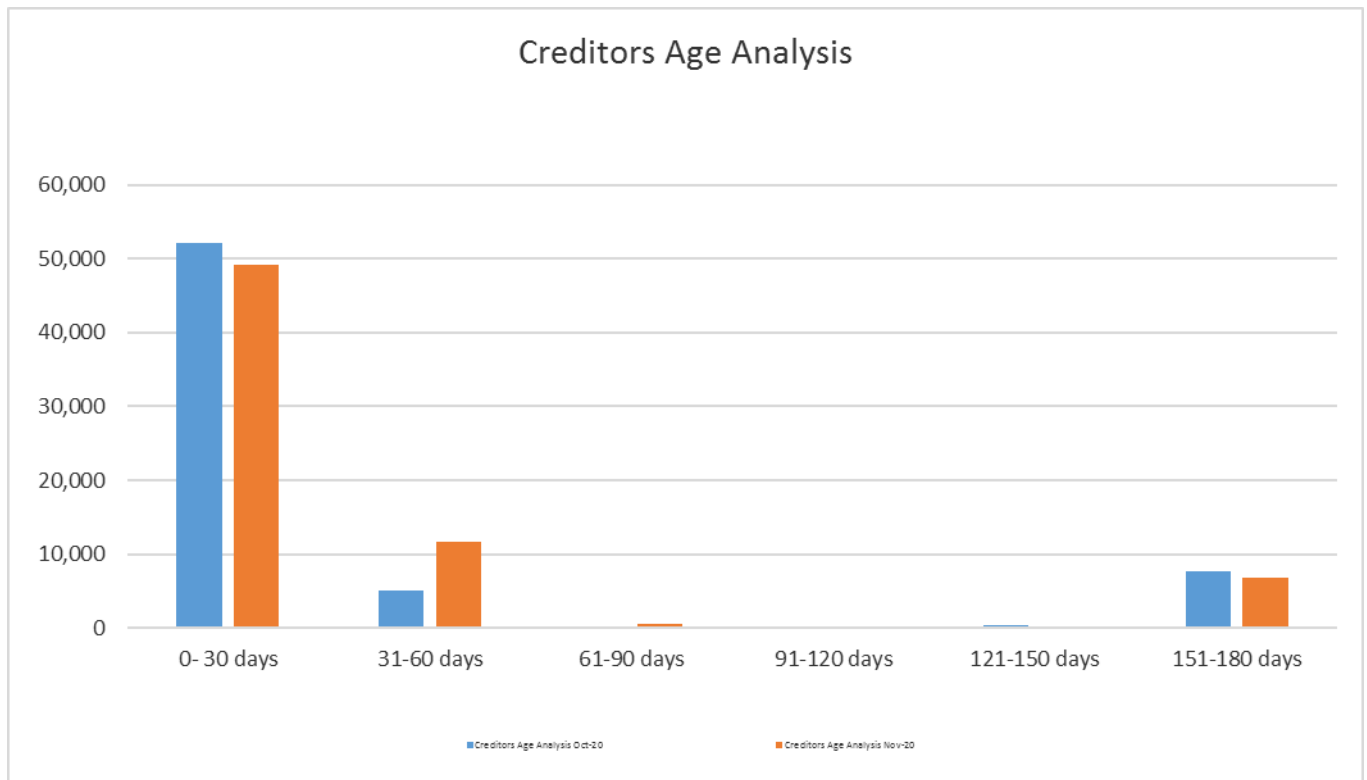

As most ESKOM accounts have payment terms which are much less than 30 days, interest on late payment is unavoidable. In order to alleviate this problem, more than 90% of ESKOM accounts were switched to debit order system and the process to transfer all accounts to a debit order method of payment is under way. The benefit of the use of a debit order system is that there is no fruitless expenditure which is in the form of interest on late payment, and there is no power cut which leads to service interrupts which arise from unavailability of water.

The percentage of collection for Water Schemes is low as consumers in these areas refuse to pay for water services rendered. Certain rural schemes have constant interruption of water supply and it is therefore difficult to implement the Credit Control Policy in these areas.

UMGUNGUNDLOVU DISTRICT MUNICIPALITY

Customers in rural areas are appealing to the Municipality to write off their debts. Customers advised that they will commence with payment once the interruption of water supply is resolved and the write-off is approved

8.3 Debtors Age Analysis

The debtor book value as at 30 November 2020 amounted to **R 938.5 million**. The collection rate in the month of November was 62%. The average collection rate to date is 59%. The municipality is reviewing its debt collection strategies. Strategic partnerships with stakeholders like uMgeni Water and Development Bank of Southern Africa are under consideration. The DBSA has sponsored a pilot data cleansing exercise that will table recommendations on revenue collection systems and processes. The non-revenue water reduction exercise is proposed for consideration and will be fully funded by uMgeni Water.
